FOR IMMEDIATE RELEASE

Makita has released three new Nailers and a new Stapler to add to the expanding LXT® system. The new Nailers and Stapler deliver class leading performance and the power of pneumatic.

MAKITA EXPANDS CORDLESS NAILER AND STAPLER LINEUP WITH FOUR NEW MODELS

New LXT® Finish Nailers, Brad Nailers, and Stapler give users top performance without the need for compressors or hoses

September 9, 2025, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released three new Nailers and one new Stapler to the expanding lineup of tools on the LXT® platform.

“Makita is a leader in the Cordless Nailing and Stapling category with multiple pin nailers, finish nailers, framing nailers, staplers, and more on both the XGT® and the LXT® platforms,” said Fernando Serratos product marketing manager, residential construction, Makita U.S.A., Inc. “The LXT® platform continues to expand with the release of three new Nailers and one new Stapler. Pros can reach to Makita tools for a wide range of Nailing and Stapling applications.”

The Portability of Cordless, the Power of Pneumatic

Delivering the power of pneumatic and the portability of cordless, the three new Nailers and Stapler will benefit pros in many different industries including fine woodworkers, framers, carpenters, homebuilders, and so many more. These new tool releases will allow a single contractor, or a team of contractors, to be more efficient by staying on one tool platform for all their needs.

More LXT® Tools for Pro Users

The new Nailers and Stapler will add new dimensions to the tool arsenal of professional framers, carpenters, homebuilders and more who can now tackle woodworking applications without having to leave the LXT® platform. Installing trim and baseboard, cabinets, soffit and more is now possible for the pro contractor to handle without leaving the platform with this expanded Nailer and Stapler offering for the LXT® System.
