*World of Concrete 2026 attendees will experience the latest Makita concrete solutions including 10+ new battery powered tools and equipment.*

# 10+ NEW PRODUCTS, 20+ HANDS-ON DEMO'S, AND ONE INNOVATION LEADER

**Makita opens World of Concrete 2026 with the industry's deepest range of battery-powered solutions for concrete contractors**

**January 20, 2026, Las Vegas, NV –** Makita® U.S.A., Inc., the innovation leader in cordless tools, power equipment and accessories, opened the World of Concrete 2026 in Las Vegas this morning with an expansive and interactive booth featuring several tons of concrete, over 10 new products and more than 20 hands-on demonstrations of new and recent releases for concrete applications.

## Experience Makita Innovation

"There is increasing demand to remove cords, gas and air-powered products from jobsites and replace them with battery-powered tools and equipment," said Wayne Hart, senior communications manager, Makita U.S.A., Inc. "Makita battery and motor technology is pushing us into spaces where no one thought batteries could reach, like concrete drilling and breaking as well as rebar tying, surfacing, OSHA-compliant dust extraction, and more. World of Concrete is the best opportunity for contractors to experience the latest innovation."

The Makita booth offers WOC attendees the opportunity to experience more battery-powered solutions for nearly every stage in concrete construction.

**Below is a summary of the new and featured Makita tools, equipment and accessories at World of Concrete 2026.**

**NEW 40V max XGT® 16 Ga. Rebar Tying Tool** – The new 40V max XGT® 16 Ga. Rebar Tying Tool (GRT01), is the world's first 40V max 16 gauge wire rebar tying tool. The GRT01 delivers up to 65% stronger ties, up to 3,600 ties per charge, and deep tying capcity (#9 x #8 rebar).
**AVAILABLE NOW**

**NEW 40V max XGT® Vibrating Power Screed (VL001)** - The 40V max XGT® Vibrating Power Screed (VL001) is engineered for precision, portability, and performance on smaller concrete pours where maneuverability counts. It has a six-foot vibrating bar (11,000 VPM) and delivers up to 90 minutes of run time on a single charge of a 40V XGT® 4.0Ah battery.
**AVAILABLE IN FALL 2026**

**NEW 40V max XGT® 3-Speed 1/2" Hammer Driver-Drill (GPH03)** – The 40V max XGT® 3-Speed 1/2" Hammer Driver-Drill (GPH03) is Makita's most powerful drill. It delivers 1,590 in.lbs. of Max Torque with a brushless motor. The three-speed transmission provides optimal balance of speed and torque for maximum efficiency.
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® Rebar Flush Cutter –** The new XGT® Rebar Flush Cutter gives users cold cutting with minimal sparks and can cut up to #8 rebar with #1 threaded rod. It features fast cutting speed to increase productivity on the job site and will cut 3/32" flush to the surface of the concrete.
**AVAILABLE IN SUMMER 2026**

**NEW 40V max XGT® Rebar Cutter (GCS01ZK)** - Engineered to increase productivity on the job site the new 40V max XGT® Rebar Cutter (GCS01) delivers up to 250 cuts of #5 rebar with one 40V max XGT® 4.0Ah Battery (battery not included). It features up to 40% cutting speed, cuts rebar spark-free, and has a cutting head that rotates 360° for optimal cutting position.
**AVAILABLE IN SUMMER 2026**

**NEW 40V max XGT® 30° Framing Nailer (GNB01)** – The new 40V max XGT® 30º Clipped Head 3-1/2" Framing Nailer (GNB01) delivers the power of pneumatic without the hassles of cords or compressors. It can drive up to 1,020 framing nails on a single charge using a 40V XGT® 2.5Ah Battery (battery not included).
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® 21° Framing Nailer (GNB02)** – 40V max XGT® 21º Full Round Head 3-1/2" Framing Nailer (GNB02) delivers the power of pneumatic without the hassles of cords or compressors. It can drive up to 1,020 framing nails on a single charge using a 40V XGT® 2.5Ah Battery (battery not included).
**AVAILABLE IN EARLY 2026**

**NEW Proud-Setting Nose Adapter, Framing Nailers (1916P4-2)** – Another addition to the Makita Framing Nailer lineup is the Proud-Setting Nose Adapter (1916P4-2). The Proud-Setting Nose Adapter ensures the nail head remains above the surface for easy removal. Ideal for concrete formwork.
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® 8.0Ah High Power Battery (BL4080H)** – The new XGT® High Power Battery (BL4080H) delivers up to 35% more power*. This new High Power Battery features tabless cell technology for improved performance and higher power output. It is engineered to run up to 32% cooler and maintain performance under continuous heavy load.
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® and 18V LXT® 8 Port Charging Case (BCC01)** – Users who are running greater amounts of tools daily can benefit from having many batteries charged all at once to start the workday. The new 8 Port Charging Case (BCC01) benefits both LXT® and XGT® users by being able to charge both platforms as LXT® batteries may be charged with the use of an optional adapter. It cycles four at a time for consistent performance and greater charging volume.
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® 12 Port Charging Case (BCC01)** – Contractors and crew leaders can start the workday with the new 12 Port Charging Case (BCC02). This new Charging Case charges up to 12 XGT® batteries, cycling four at a time for consistent performance and greater charging volume.
**AVAILABLE IN EARLY 2026**

**NEW 40V max XGT® Magnetic Light (ML013G) -** This versatile LED Light delivers 3 light modes with up to 1,200 lumens on the high setting. The magnetic base, hanging hook and threaded vise/tripod anchor hole allow for maximum mounting options.
**AVAILABLE IN SUMMER 2026**

**NEW 18V LXT® Green Exterior Dual Slope 360° Rotary Laser w/ Case (SKR001Z)** – When accuracy is needed, pros reach to Makita measuring tools to ensure that their worksite is built with precision. The new 18V LXT® Green Exterior Dual Slope 360° Rotary Laser with Case (SKR001) is a versatile dual slope green rotary laser that ensures accurate long distance leveling up to 2,600 ft. in a robust package to handle challenging jobsite conditions.
**AVAILABLE NOW**

**NEW 40V max XGT® High Torque 4-Speed Impact Driver (GDT04)** – Makita Impact Drivers are trusted among pros and the new High Torque 4-Speed Impact Driver (GDT04) delivers 2,040 in.lbs. of max torque with Four Speed Settings and Tightening Mode.
**AVAILABLE NOW**

**NEW Power Cutter Cart for the GEC01 (1915C0-3)** – The Power Cutter Cart is engineered to provide Support for making long consistent cuts with the 80V max (40V max X2) XGT® 14" Power Cutter (GEC01).
**AVAILABLE NOW**

**NEW MAKTRAK™ Accessories** – Makita has recently expanded the MAKTRAK™ modular storage system to include an assortment of Organizer Bins, Storage Trays, and additional Tool Box Lids for greater user convenience.
**AVAILABLE NOW**

***Compared to BL4080F**
