FOR IMMEDIATE RELEASE

Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 40V max XGT® Edger (GEU01). It features the high torque level of a 31cc edger with none of the hassles of gas.

MAKITA RELEASES New XGT® EDGING TOOL FOR PRO LANDSCAPERS

New battery-powered Edger delivers the power of a 31cc gas model

February 3, 2026, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 40V max XGT® Edger (GEU01). It features the high torque level of a 31cc edger with none of the hassles of gas. It features an open guard design that reduces clogging, and an 8” blade that powers through dirt and debris for more defined edges.

“The XGT® Edger gives professionals a complete edging solution right out of the box,” Said Stevan Garcia, sr. product manager, outdoor power equipment, Makita U.S.A., Inc. “The new XGT delivers the power, runtime, and fast charging needed to maintain clean, precise edges with less downtime.”

Cleaner, Precise Cutting

The Edger features a variable speed trigger to provide controlled cutting speed. It also features a steel drive shaft for less vibration and longer tool life. The GEU01 features an adjustable wheel for quick and easy adjustment to desired cutting depth, a line-of-sight indicator mark that guides the user for cleaner, more precise cuts, and a skid plate that protects the gearbox from hard surfaces.

Convenience Features

Convenience features include a mud flap that minimizes debris, an extended guard that provides more debris coverage, and an adjustable loop handle for increased operator comfort.

Makita® XGT® System

XGT® is a system of equipment, tools, batteries and chargers utilizing 40V max lithium-ion batteries. XGT® is engineered to deliver high power to take on high-demand applications, allowing users to completely transition to a cordless job site. XGT® is equipped with advanced brushless motor engineering, intelligent digital communication, and superior durability features to outpower, outsmart and outlast the rest.
