Makita U.S.A., has released the 40V max XGT® Recipro Pipe Saw with Chain Vise (GRJ03). The new Recip Saw delivers the power of a 15 AMP corded Recipro Saw with a Makita-built brushless motor that delivers up to 40% faster cutting speed than top models in the category.*

FOR IMMEDIATE RELEASE

MAKITA RELEASES NEW XGT® RECIP SAW WITH A CHAIN VICE WITH FAST CUTTING SPEEDS

Users now have a cordless cutting solution for large diameter steel pipe, plastic pipes, and many others

April 8, 2026, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 40V max XGT® Recipro Pipe Saw with Chain Vise (GRJ03). The new Recip Saw delivers the power of a 15 AMP corded recipro saw with a Makita-built brushless motor that delivers up to 40% faster cutting speed than top models in the category. It delivers up to 21 cuts per charge in 4-1/2" steel pipe on a single charge of a 40V XGT® 4.0Ah Battery (battery not included).

Makita has released the new Recipro Pipe Saw with Chain vice, which is an ideal solution for cutting large diameter pipe," Said Tyler Brown, product manager residential – finish and drywall. "The chain vise holds everything in place so you get a straight cut every time, eliminating the need for time consuming grinding or torch work after the cut is made.

Faster More Efficient Cutting

The saw includes a chain vice capable of securing materials 8-5/8" inches in diameter. It is ideal for cutting large diameter steel pipe, plastic pipes, and many others. The streamlined chain vise is set up for faster and more efficient cutting. The spring-loaded vise chain can secure the tool when not in use. The GRJ03 features a versatile design that allows operation with or without the chain vise.

Variable Speed Control

The GRJ03 features a variable speed control dial (0-2,200 strokes per minute), that enables the user to match the speed to the application. It features precision cutting capacity up to 8-5/8 inches in diameter. The long 1" stroke length provides increased cutting efficiency.

Convenience Features

Convenience features include an ergonomic handle and a large 2-finger trigger that provides increased comfort on the job. The GRJ03 features simplified blade clamp maintenance for increased productivity. It weighs only 9.9 lbs. with 40V XGT® 2.5Ah Battery (battery not included) for reduced operator fatigue.

Makita® XGT® System

XGT® is a system of equipment, tools, batteries and chargers utilizing 40V max lithium-ion batteries. XGT® is engineered to deliver high power to take on high-demand applications, allowing users to completely transition to a cordless job site. XGT® is equipped with advanced brushless motor engineering, intelligent digital communication, and superior durability features to outpower, outsmart and

outlast the rest. The XGT® system offers 170+ products engineered to replace more tools and equipment powered by cords gas, and air.

Specifications

Description	40V max XGT® Brushless Cordless Recipro Pipe Saw w/ Chain Vise (GRJ03)
Max. Cutting Capacity (pipe):	**8-5/8”**
Strokes Per Minute (variable speed):	**0 - 2,200 SPM**
Length of Stroke:	**1”**
Net Weight (with battery, sold separately):	**9.9lbs**
Constant speed control:	**Yes**
Soft start:	**Yes**

About Makita

Makita is a worldwide manufacturer of industrial power tools, power equipment, pneumatics, and cleaning solutions that offer a wide range of industrial accessories. Makita U.S.A., Inc. is located in La Mirada, California, and operates an extensive distribution network throughout the U.S.A. With over 50 years in the United States and over 100 years worldwide, Makita utilizes experience and expertise to manufacture best-in-class solutions.
